On National Philanthropy Day, the Burlington Community Foundation pays tribute to the great contributions that philanthropy – and those active in the philanthropic community – have made to our lives, our communities and our world. Together we will continue to build a strong community and leave a legacy for generations to come.

About the Burlington Community Foundation

The Burlington Community Foundation (BCF) is dedicated to impacting Burlington through endowment funds, charitable grants and philanthropic partnerships. Our vision is to enhance the quality of life in Burlington through philanthropic leadership.

Governed by a volunteer Board of 15 diversely talented individuals, the Foundation has built assets of \$6.2 million. Over \$1.3 million has been granted to the community in the areas of education, arts, environment, health and social services. Community Foundations are one of the fastest growing philanthropic movements in the world, with over 1,400 worldwide and 178 in Canada.

Individuals, just like you, families, businesses and charitable organizations can establish Funds within the Burlington Community Foundation into which they can contribute a variety of assets. Donations are invested in perpetuity and the interest earned is granted back to charitable non-profit organizations.

To find out more about how you can support your favourite charity or to leave a legacy for future generations, contact the Burlington Community Foundation.

Together, we can ensure the future sustainability of our valuable community resources and organizations that assist the most vulnerable in our community.
